ENI-CROSS BORDER COOPERATION

# Prevention and common defense in emergency situations

## EMERGENCY SITUATIONS

2SOFT/4.2/71

### Implementation area:

Romania: Sarasau commune, Maramures county

Ukraine: Solotvino city, Zakarpattia region

### Budget (EUR):

439,687.79 – ENI grant

48,854.20 - regional/ local contribution (co-financing)

### The partnership:

Lead Partner

Sarasau commune, Maramures county, Romania, public administration

Partners:

- Solotvino City Hall, Zakarpattia region, Ukraine, public administration

### The purpose is:

- A better involvement in the emergency situations for local public administration through completion of the unit for emergency intervention which consists of mobile machines and equipment for intervention in flood situations, with specific machines and equipment, and equipping the two partners with digital alarm sirens in case of floods and other emergency situations, such as fire, chemical problems, earthquakes, forest fire, etc. This objective will be reached through new endowment and equipment.
- Development of the joint management system for common problems in cross border area, in the 2 communes and carry out the necessary plans and strategies to ensure the flood prevention on the roads and valleys of the two partner communities.
- Improving the performance of personnel in emergency situations to intervene quickly and effectively in an emergency, by the end of project implementation.

## Project outcomes

---

**2,238** people benefiting from flood protection measures

**2** joint actions including soft operations as well as joint infrastructure investments in the field of emergency situations and the prevention of man-made disasters

Reduction of emergency response time with **10'**

**2** institutions endowed for emergency situations - floods, fires
