Transborder Initiative for a New Approach to Governance in Healthcare For Safe, Digital and Honest Healthcare Across Borders

Interreg
Co-funded by the European Union
NEXT Romania – Ukraine

GOVERNANCE

TINA

The problem. Project's solution

Fragmented healthcare governance, inconsistent standards, limited transparency, and weak cross-border coordination reduce the quality, resilience, and efficiency of healthcare services in the Romania–Ukraine border region. These challenges affect patient safety, institutional trust, and crisis response. The project addresses them by developing a joint governance strategy, harmonised risk and integrity protocols, enhanced hospital digitalisation, and cross-border cooperation, creating a scalable model for transparent, resilient, and patient-centred healthcare governance.

ROUA00675

EU funding: 509,802.56 EUR
Total budget 566,447.30 EUR

Project Start June 2026
Project End December 2027

Cross Border Partnership

Lead Partner

Sighetu Marmatiei Municipal Hospital, Maramureș county, **Romania**

Partner 2

Utility Non-profit Enterprise Central City Clinical Hospital of the Ivano-Frankivsk City Council, **Ukraine**
